**New Business:**

Committee officer terms for one year were voted on:

Chair: Sam Temple

Vice Chair: Cheryl Lichty

**Harbor Master Report:**

Abbie discussed recent complaints concerning parking at Harbor Park for mooring holders. Her staff will not be ticketing offenders of the 2-hour parking limit.

Full size tour buses have been visiting with cruise ship passengers creating some safety issues on the drive descending from Pascal Ave. The visitors are using the bathrooms which are not equipped for that much use.

Additional revenue being generated by harbor fees is not necessarily being invested back into the harbor.

Wedding bookings have been going well. Some concern from the committee as to how many wedding events should be booked each summer to keep the facility available for public enjoyment.

Abbie presented a laminated copy of the "Rockport Harbor Rules" for a brief review. These policies are in addition to the Rockport Town Ordinances and Fee Schedule and were created as a guideline for public use. We will review more closely at the next meeting.
