

Rockport Public Library
Library Committee Workshop
August 12, 2015 | Richardson Room | 5 pm to 8 pm

Participants: Library Committee members, Library Director and Interim Director

Please read: Library Consultant's report
CES Building report

The purpose of the workshop is to present the Select Board with space recommendation for the Rockport Public Library. The steps to get there will be to layout priorities of the workshop participants, discuss the space requirements of the programs and materials of the library using the Library Consultant report as our guide, and to create a position statement on the current building.

The workshop will utilize a timekeeper to help achieve these goals within our meeting time limits, as well as an off topic flagger.
