

Minutes of Meeting
Rockport Ordinance Review Committee
June 23, 2021

The Ordinance Review Committee met at 8:00 am on June 23, 2021, at the Rockport Opera House. In attendance were committee members Richard Remsen, Robert Hall, William Gartley, Taylor Allen and David Cockey. Also in attendance were Denise Munger and Orion Thomas.

By unanimous vote the Committee approved and sent on to the Planning Board certain amendments to Section 405 and Chapter 700 of the Land Use Ordinance.

The Committee discussed possible amendments to the Solar Farm Ordinance. Mr. Hall noted that recommended changes had not been received from the Planning Board. Since the Planning Board is the committee which has the most hands-on experience with Solar Farms and the relevant ordinance, the issue was tabled to await Planning Board recommendations.

There being no further business to come before the Committee, the meeting was adjourned.

Robert M. Hall, Secretary
