- Basketball Camp (WB)

Projects to be completed:

- Thin trees between West St and Tennis Courts
- Apply new gravel and topcoat beyond the concession stand for the future playground
- Fill in the old batting cage area with loam, seed, and remove the concrete slab in the LL Softball outfield for safety
- Add safety lighting for late evenings on the Babe Ruth scoreboard post that will cover the parking lots. Most LL games and Soccer games end at dusk, and parking areas are dangerous for kids with no lighting.
- Purchase a rope and sign to go from the Babe Ruth scoreboard, over to the portable outhouses, to prevent vehicles from entering the Softball field area. Complete the work plan and submit it to Diane for Board approval
- Ask Buildings and Grounds, Matt, for a backstop on the tennis court for hitting balls against.
- Work on a grant for future playgrounds.
