

| STRENGTHS | WEAKNESSES | OPPORTUNITIES | THREATS |
|---|--|--|--|
| MEMORIAL PARK | | | |
| Example here: Good location | | | |
| Mature plants | none | more benches | |
| | | hide the irrigation pipes deeper; very visible | |
| Beautiful! Nice gardens & park | None | More benches | |
| Great location in the middle of the Village. Healthy, thriving plants, plenty of benches, close parking | Struggling rhododendrons, busy traffic and intersection | Could use even more parking by extending to the right of current spaces, add plant markers | Dangerous pedestrian crossing |
| MARY LEA PARK | | | |
| nice location and history | needs rehab | TIF funds for rehab | |
| | has been dropped by opera house | | |
| Location, History & Views | Improve variety of plantings | Expand Bench space by an additional fence post and add a bench for improved seating and visual esthetics | |
| | | Lower Harbor facing fence rail for improved visibility | |
| Great location next to the Opera House. View of harbor. | 2 lower worn benches should be replaced; limited mobility, not ADA-compliant | Re-design entire park to make ADA-compliant, add picnic tables, landscape with new plants, including native ones | |
| WALKER PARK | | | |
| | | more benches | storms |
| Beautiful and Peaceful Harbor Park | | | |
| Playground, Beach Area, Covered Picnic Tables | | More Benches-Another Covered Picnic Table | |
| Wonderful, safe neighborhood for families, good play equipment, great parking | | Landscape with plants, including native ones | Young children in water, climbing on rocks, storm surges, climate change |
| HARBOR PARK | | | |
| Beautiful view | Erosion, climate change risk | Slow down traffic and eliminate busses, who drive too fast through the park | |
| premier location | ongoing storms | MAster plan | |
| Beautiful view with beach and harbor access | | Preventative Master Plan | Storms |
| Significantly improved with hillside trimming | | Improve pathway surface | |
| Andre sculpture and garden. Lime kilns, RR engine, history signs. Working waterfront. Views | | Need Master Plan to serve all users, community. | Climate change, storm surges. |

| GOODRIDGE PARK | | | |
|---|---|---|--|
| Nice pocket park | Plantings need updating | may need more plantings | |
| Nice small park | | More colorful all season plantings | Additional crosswalk across from union hall and cafe |
| Cute location across from hotel and coffee shop. Benches and tables. Good plantings | Limited parking, heavy traffic | Need colorful plantings | Try to cross the street! |
| CRAMER PARK | | | |
| nature preserve | | parking?? | |
| Natural | Steep and overgrown areas | Master Plan--for Picnic Tables and Parking | |
| GLEN COVE PARK | | | |
| much improved after pruning | | needs handicap painting | |
| Wonderful improved views | | Picnic/Rest Stop | |
| View has been much improved by eliminating overgrowth at shore. Cove view, many picnic tables, sitting area | Could use some trimming, both on water and road sides of park | Jon asked Parks' Committee for plantings, and we need to do that. | Potential drug use? |
| | | Planting alongside bench and information kiosk | |
| KONONEN PARK | | | |
| Chess Game Enjoyed Often | | Add other rec options such as corn hole shuffle board and bocce | |
| Chess Board set, good use of site | Difficult access | | |
| GOODIE BEACH | | | |
| Beautiful Harbor Beach | | | Potential for Unsupervised Swimming |
| Public beach, easy access | Proximity to boars and working harbor, not ADA accessible | | Unsupervised swimming |
| | Unknown water quality; can be quite crowded | | Water quality during storm runoff |
