Hi Orion,

Here is the photo of the cut trees from the afternoon of Thursday June 3.

Our address is 19 Terrier Circle. We are the first house on the right (up the hill a little way) and we are next to Anne and Todd. Our house can also be distinguished by the large soccer goal that sits in the front yard all times except when there is snow!

I will send the video next in a separate email. It is large but generally I think it will send you a link you can use to download.

Thanks,

Melissa
